## Questions for CAB members

## Group questions: (2 x 15 minutes)

#### First part:

Meet in small groups according to the <u>number</u> that was handed to you and find a table in the cafeteria. Discuss and answer in a small group the questions below. Identify one person in each group who will take notes and report back to the entire CAB group at the end of tonight's meeting.

Opinions/impressions: (10 min)

- 1. When you think of Fermilab, what are the top things that come to mind (1-5 things)?
- 2. What do you value about Fermilab?
- 3. From your point of view, what seem to be Fermilab's top 3 messages for the local community?
  - 0
  - 0
  - о

Explain: (5 min)

4. How would you describe Fermilab to a friend or neighbor who has never been to Fermilab (1-3 sentences)?

#### Second part:

Build new groups according to the <u>letter</u> that was handed to you and answer these questions:

Neighbor relationship: (10 min)

5. In your opinion, what does the local community want from Fermilab?

6. With regard to community relations, what do you wish Fermilab would do next year? In the next five years? Rank from highest to lowest priority.

Potential risks: (5 min)

7. From your perspective, are there potential risks associated with Fermilab for the local community?

8. Do you see any potential risks for Fermilab?

# One question everybody should answer individually and place in the box anonymously: (5 min)

1. If you could change one thing about Fermilab, what would it be?
