The image shows a Google search interface for the query "scientists working in the lab movies". The search results are displayed in a grid format, featuring a mix of image thumbnails and video player thumbnails. At the top, the Google logo is on the left, and the search bar contains the query. Below the search bar, navigation tabs for "All", "Images", "Videos", "News", "Shopping", and "More" are visible, with "Images" selected. A horizontal menu below the navigation tabs includes categories like "radioactive", "starter pack", "photo library", "female scientists", "biochemistry", "stock footage", and "splice movie". The main results area contains several items:

Just a few last words:

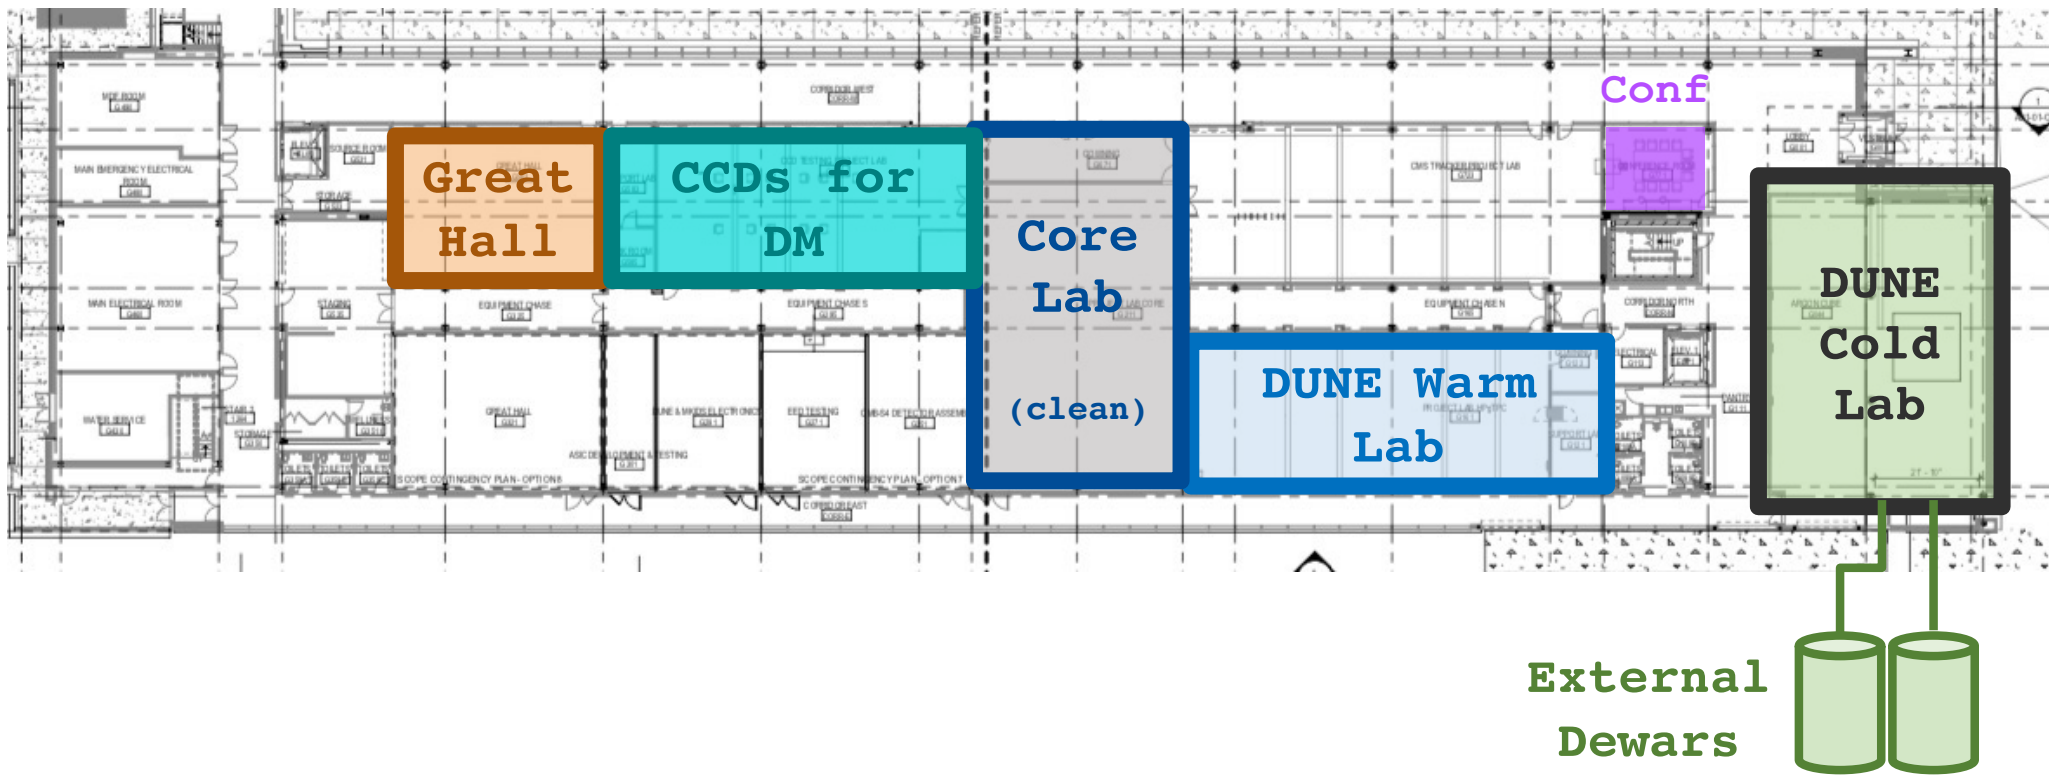

- At the start, a lot of the building will be empty.  
We built for expansion
- A lot of the building will be devoted to electronics R&D.
- A major goal is to bring engineers in proximity to scientists now in Wilson Hall
