News from the Lab

Tracy Marc

Presentation and links to communication highlights are linked in the agenda.

Sustainability Management

Catherine Hurley

Presentation linked in the agenda.

Discussion regarding sustainability which included information such as the lab diverts clean material from construction projects. For example, IERC diverted 50% of materials that got recycled instead of being sent to landfill.

Comments:

- Very impressed at the 50th anniversary that plates and everything was compostable.
- Good to promote and share information as the general public thinks the lab uses significant energy.
- CAB would like to be ambassadors.
- CAB would appreciate an update next November and suggested an infographic to review annually.

Discovery on the Prairie

Rebecca Thompson

Presentation linked in the agenda.

What Fermilab should know

All
