# NOTIONAL PROCESS & TIMELINE

# EXPECTATIONS

- Provide candid but constructive feedback
- Respect one another
- Listen to what others are saying
- Take turns; allow everyone to express themselves
- Avoid person-specific references
- Share forward-looking information
- Feedback shared should be kept in confidence
- If virtual, please keep your camera on

# QUESTIONS

- What do you see as the short term (next 2-3 years) and long-term (5-10 year) priorities for the next director?
- What do you believe is the most significant issue for the next director to address and/or the greatest challenge the director will face?
- What do you feel are the most critical characteristics/qualities needed in the next laboratory director?
- Is there anything else you think the Search Committee should consider/know?

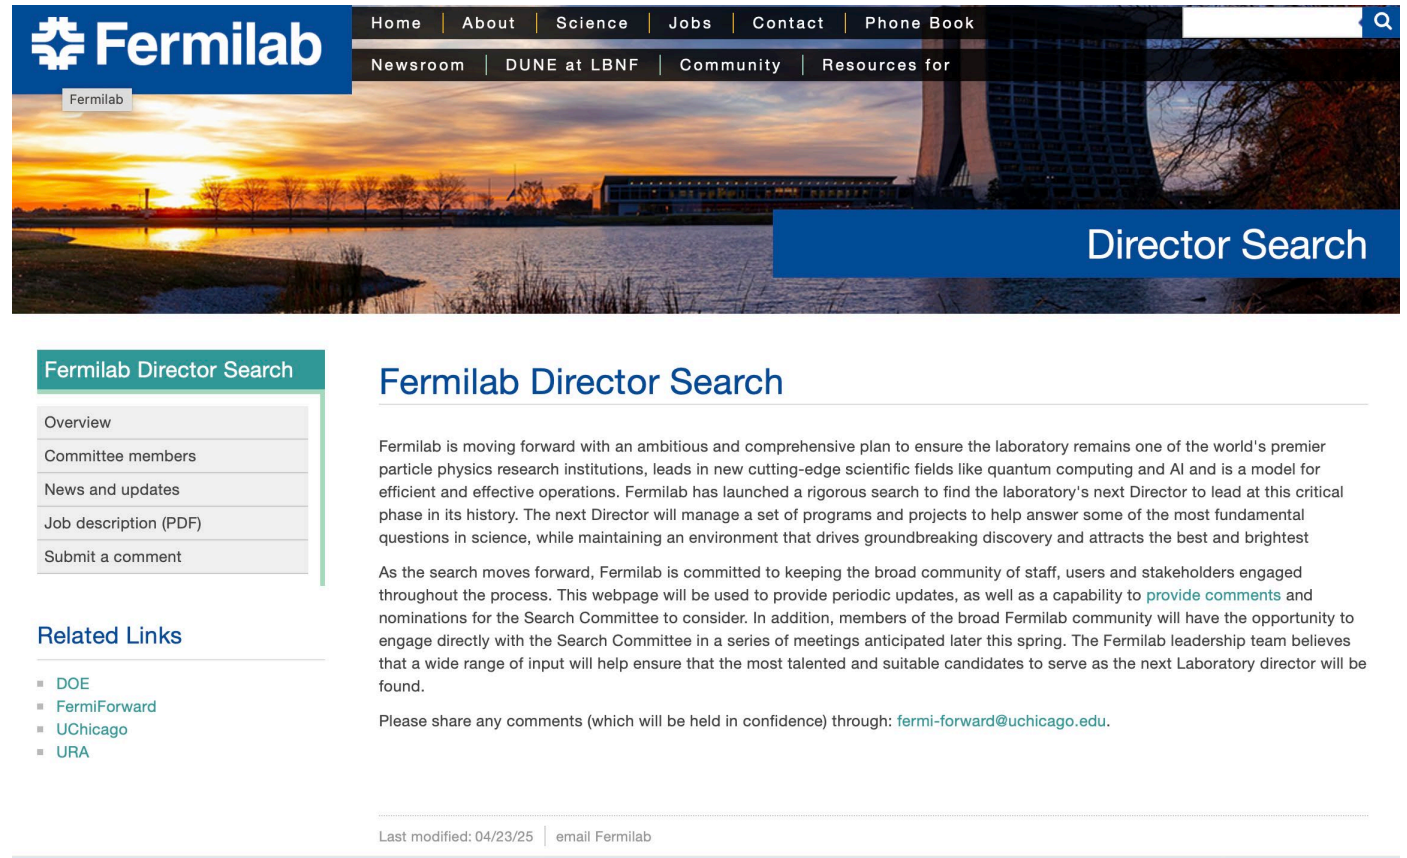

Thank you

for your time &

thoughtful feedback
