Office of Communication update

Presented by Fermi National Accelerator Laboratory
Community Advisory Board

U.S. DEPARTMENT
of **ENERGY**

Fermi National Accelerator Laboratory is managed by
FermiForward for the U.S. Department of Energy Office of Science

Fermilab celebrates 70 years since the first discovery of neutrinos

Fermilab marks 70 years of neutrino science and leads next-generation experiment

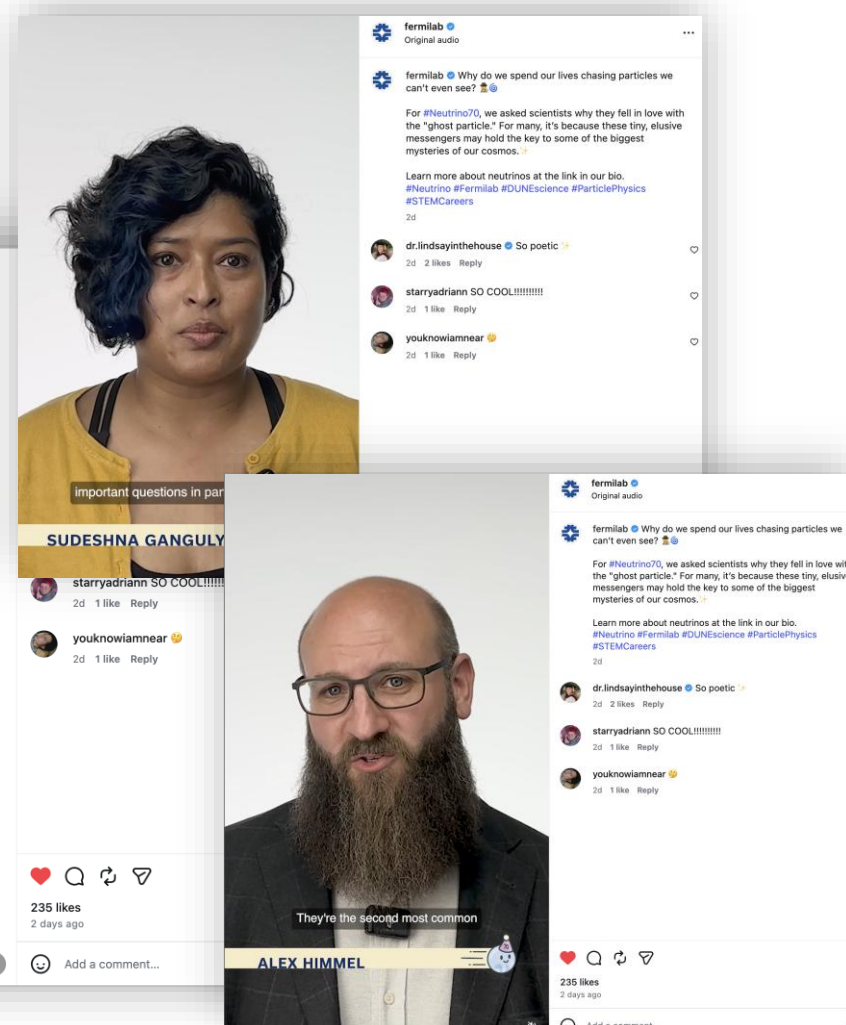

July 7, 2026 | By: [Edited by Fermilab](#)

Naming contest for Ozzie the neutrino with tattoos at Neutrino Day

Why do you love neutrinos?

A month long social media campaign with interviews from the neutrino scientists

Neutrino Day, July 11, in Lead, SD

The attendance for this year hit a new record of 2,430 attendees.

The Fermilab table had a 3D model of the detector cryomodule and raffles.

Fermilab hosted an event during Neutrino Day showing the underground caverns and answering questions from the audience above ground.

Fermilab EPE hosted a table with neutrino activities

2026 DPF

AT FERMILAB

July 20–24
FERMILAB, BATAVIA, IL

Physics contains
multitudes.
