Plans for Fermilab’s 50th Anniversary in 2017
Building our future by celebrating our past

K. Yurkewicz
Fermilab Community Advisory Board
May 26, 2016
Key stakeholders for anniversary year

**Create**
- City of Chicago (focus on the Mayor’s Office)
- State of Illinois (focus on the Governor’s Office)
- Technology and innovation companies

**Rekindle**
- Leadership of URA universities
- Non-retiree alumni (including users)

**Strengthen**
- Key members of Congress, staffers, administration officials (decision makers)
- Employees and users
- Citizens of Illinois and South Dakota
Messages to deliver

**Discovery**
- Long history of discovery: 3 of nature’s building blocks; major role in the Higgs discovery
- Flagship neutrino program will take U.S. to new heights of international collaboration and discovery; we need your help to make it happen

**Innovation**
- Fermilab is a hub for groundbreaking innovation
- We are partnering with leading companies to translate our innovations into solutions for society

**Community**
- Fermilab is a strong community partner
- We enrich your life and introduce young people to STEM at work
